

Wrong Time, Wrong Place

1990 Darwin Award Nominee - Confirmed True by Darwin

The following mind-blowing attempt at a crime spree appeared to be the robber's first, due to his lack of a previous record of violence, and his terminally stupid choices:

1. His target was H&J Leather & Firearms. A gun shop.
2. The shop was full of customers - firearms customers.
3. To enter the shop, the robber had to step around a marked police patrol car parked at the front door.
4. A uniformed officer was standing at the counter, having coffee before work.

Even after seeing the officer, the robber announced a hold up, and fired a few wild shots. The officer and a clerk promptly returned fire, covered by several customers who also drew their guns, thereby removing the confused criminal from the gene pool.

No one else was hurt.
